

VFW SETS GRAND OPENING FOR SUNDAY

URGES WILL CO. FARMERS TO ATTEND FARM MANAGEMENT TOUR

Homer Farmers Study Soil Saving Methods

The newest group of Will county farmers to take on soil conservation activity is located in the extreme southeast corner of Homer township.

Art Kelley, Farm Planner, held a meeting last Friday with six interested farmers who decided to take advantage of the technical service offered by the Will County Soil Conservation District.

The new group identified as the Southeast Homer Neighborhood Soil Conservation group, elected as their chairman, Russell Lauffer. Mr. Lauffer owns and operates an 80-acre farm in Homer township and operates another 160 acres with Charles Lauffer, his father.

The Southeast Homer farmers walked over the Charles and Russell Lauffer farm at last Friday's meeting and looked over waterways that require maintenance. Establishing contour lines was also demonstrated.

Kelley reports that good neighborhood spirit was shown and an enthusiastic discussion on various phases of better soil management was realized.

The newly organized group scheduled another field meeting to be held at 9:00 a.m. September 21, at the Fred and Kenneth Lauffer farm.

Those present at last Friday's meeting were: Loren Sass, Daniel Sass, Clarence Coy, Kenneth Lauffer, Russell Lauffer and Fred Lauffer. Other farmers who comprise the Southeast Homer neighborhood group were unable to attend the first meeting, but plan to attend future meetings.

Russell Lauffer reports good results from seeding rye for erosion control on his fields after the corn crop has been put into the silo.

The gently sloping field was subject to erosion and Lauffer states the cover crop of rye was effective in holding the soil from washing during the heavy winter and spring rains which were so destructive to Will County land last winter and spring.

The rye crop was harvested for seed, but Lauffer intends to sow rye after this year's corn is in the silo and will likely use the rye for pasture next spring.

Exchange Teachers To Talk at PTA

Better Homes, Better Schools make Better Communities is the theme for the year for the Mokena Parent Teacher association, according to Mrs. Thomas Powers, chairman of the program committee.

The "opening kick-off" will take place next Tuesday evening, September 26 at 8 o'clock in the Mokena public school auditorium, when the Glenn A. Evans family of Joliet will be featured.

Mr. Evans, history and social science teacher at Joliet Township high school, was an exchange teacher and his family lived for a year in England while he taught at the Harrogate Grammar school, Harrogate, Yorkshire, England. Mr. Evans will give an insight into the school and educational system in England, while Mrs. Evans will tell of home life there.

President Paul Cowling will conduct a short business session, and following the meeting there will be a social hour. Refreshments will be served.

TO DEDICATE WAYSIDE CHAPEL
SEPT. 24 AT COM. FOUNDATION

The Wayside chapel, overlooking Southwest highway at 127th street on the outskirts of Palos Park, has been completed and will be dedicated on Sunday, September 24 at 3:30 p.m. to the service of all mankind, regardless of race or creed. It is a beautiful shrine of memory created out of acts of love, or service and material gifts, some of which have been given in memory of loved ones who have gone on.

There are two stone crosses set in the front of the building which bring a message of comfort and peace through the verses inscribed on them. The three bells, each with a different story and a different tone, peal out their music to the countryside three times a day: at 7:00 in the morning, high noon and 5:00 p.m. eventide. Just inside the entrance archway on either side are

inscriptions in stone giving the message that the Chapel is for all people, a place of quietness, prayer and service. In the entrance hall there is a small bride's room on one side and a vestry room on the other. The door ahead leads into the sanctuary. There on the west wall, the first thing that meets the eye is the lovely rose window, stained glass patterned in hand carved stone lace work. In the center of this window is a true and living replica of the famous painting, "Christ in Gethsemane." From the ceiling hang the bronze lanterns that illumine the building and the aroma of the aromatic cedar ceiling pervades the chapel.

The high altar in front, lectern and pulpit on either side and pews are of cherry wood. Fifty-four people can be seated.

New Lenox Group to Meet to Study Water Problem Solution

The South New Lenox Improvement association is calling a general meeting for Thursday, September 21 at 7:30 p.m. in the Haven avenue school gym in New Lenox.

As the Village of Glenview has dropped out of the battle of fighting the sale of the local water systems, that leaves the South New Lenox group to stand alone.

The people of the New Lenox community must now decide what course they are to follow, that of pursuing the case through court or accepting the sale of the water system with its intended improvements and its accompanying increase of cost.

Mr. Lewis, the prospective purchaser of the water system, will be at the meeting to present his side of the question.

The New Lenox group has been trying to stop the sale from the present owner, the Suburban Water company, and compel them to live up to the order of the Illinois Commerce Commission. That order issued over a year ago, was that the company was to put in an additional well and replace all broken parts, which they have not done.

Mr. Lewis has offered to make all the improvements and put the water system in first class condition. Then, instead of the \$3.00 per quarter the cost of the water supply will be \$7.50 per quarter.

Mokena Music Group Plans Year's Prog.

The Mokena Music association held its first meeting of the 1950-51 season in the Mokena public school auditorium, Tuesday, September 14, 1950.

Miss Catherine Lilley talked on the value of instrumental music to the child, and of the lesson and band rehearsal plans.

Election of officers for the coming year resulted in the reelection of Mr. Thomas Powers as president and Mrs. Donald Ambuehl, secretary and treasurer. Mrs. Frederick Lehmann was elected to fill the newly created office of vice president.

The group decided to have meetings bi-monthly and, at each meeting to give students the opportunity to get experience playing in public by inviting them to perform. Further, at each meeting an author, instrument, or other topic of interest music-wise would be discussed.

With excellent training available, and with ever ready encouragement for the children, the "up and coming" musicians will contribute much to our pleasure later on.

Donna Williams and Willis L. Schiek Married September 9

At a beautiful autumn wedding enhanced by fall flowers and colors Miss Donna Williams, daughter of Mr. and Mrs. Floyd Williams, and Willis L. Schiek, son of Mr. and Mrs. Lester Schiek, both of Mokena, were united in marriage in St. John's Evangelical and Reformed church, September 9, at 7:30 in the evening. The Rev. William J. Riemann officiated at the single ring ceremony. Ferns and white gladioli decorated the altar.

Miss Loretta Tiberi, of Blue Island, sang "Because," "At Dawn" and "The Lord's Prayer" with Mrs. Howard Strassenburg accompanying on the organ.

The bride's father escorted her to the altar. She was gowning in candlelight satin, with her veil gathered into a satin poke bonnet trimmed with pearls. She carried a handkerchief, an heirloom of the Schiek family, belonging to the groom's aunt. Her bouquet of white baby mums was centered with a natural orchid.

The groom's sister, Joyce, was maid of honor. The other attendants were Miss Doris Yunker, Mrs. James Horras and Miss Doris Carlson. They wore forest green satin gowns with illusion necklines and bonnets to match. They carried bouquets of yellow and rust mums.

Charles Holm served as best man and Robert Williams, the bride's brother, Fred Guendling and James Horras were groomsmen. Robert Merrick and Ronald Steen were ushers and candle lighters.

Following the ceremony a reception and buffet supper was given in the VFW hall to 350 guests. Mrs. Fred Brown and Mrs. Richard Erickson served the supper. They were assisted by the misses Jean Bole and Patricia Purley.

The table for the bridal party and immediate families was set with crystal plates and a center piece of white gladioli. White tapers in crystal holders lighted the table. Mrs. Leslie G. Clark cut and served the four tiered cake. Mrs. Paul White was in charge of the guest book. Hank Foster's 12 piece orchestra of Chicago, furnished the music for dancing.

The bride's going away outfit was brown and yellow checked suit with brown accessories. The couple planned to motor to Colorado Springs where they will spend two weeks. They will make their home with his parents temporarily. The bride was employed in the Hamilton Park offices of the Rock Island. The groom is in the dairy business in Mokena.

Out of town guests who attended the wedding were from Chicago, Lockport, Marley, Midlothian, New Lenox, Blue Island, Tinley Park, Joliet, Manhattan, Aurora, Cle Elum, Wash., West Branch and Tipton, Iowa.

MOKENA POST PLANS OPEN HOUSE AFTERNOON & EVENING SEPT. 24

Program, Dinner Among Events Planned; Dancing at Night to Round Out Events To Which General Public is Invited

What can be done with a small beginning when people have vision and all concerned work together will be shown Sunday when the new hall on Wolf road in Mokena built by the Veterans of Foreign Wars, will have the grand opening.

This hall is filling an important place in the community, as there is no place to hold public meetings, dances etc.

For many years the William Martin Post No. 725, VFW and its Auxiliary have been planning for a home, and in connection with which they could hold their meetings and other social functions. Each year in the routine of the Post's business, a building committee was appointed, and there it rested. The committee was that in name only, no action on any building program was taken. It seemed too big a problem to tackle, mainly because of doubt of being able to obtain material and the cost was too high.

A small start was made in the spring of 1946 when the Post purchased a piece of ground on Wolf road in Mokena. This was an incentive to start building.

In 1949 another building committee was appointed. It consisted of Fred Steinhagen, chairman, Fred Hentsch, Clarence Werner and John Horras. In February they began drafting plans. But they then realized they could not function without sufficient funds with which to build. Consequently, at a regular Post meeting a finance committee was appointed by Commander Eino Saarela.

On this committee were Glenn C. Peterson, chairman, William G. Schult, Marshall K. Muller, Ralph Tilsy, David McMillan and Arrian Yunker.

These two committees began working together and the final plans agreed upon were to construct a building that would serve the Post and the citizens of the community. The new building on Wolf road is the result of those many plans, plus many days and evenings of toil by Post members and several friends. It is also the result of the excellent financial support generously given by the many citizens. And while the building has been in use since February, construction has been going on since and there remains yet much more to be done.

The general public is cordially invited to attend the grand opening program which will start at 2:30. First there will be a class of about 15 new recruits to be taken about the Post. Their obligations will be administered by the Winfield Scott Post No. 2193 ritual team of Maywood. Addresses will be given by various department, national and district officers. Visiting officers and comrades will be introduced as well as Mokena village officials and all other local organizations.

At 5:30 there will be luncheon served and at 6:30 dancing, square and modern, will be enjoyed.

Comrade Don C. Neal, past commander of the William Martin Post and at present senior vice commander of the fifth district of the department of Illinois, will be master of ceremonies.

The William Martin Post No. 725 Veterans of Foreign Wars of the United States, was chartered January 7, 1933 and was located at Frankfort until March of 1940 at which time it was transferred to Mokena. For a brief time meetings were held in the various members homes until Hatch hall was acquired. That was the VFW headquarters until January 1, 1950 when it was moved to its own new home on Wolf road.

Following is a list of commanders and their dates of serving: 1933, Henry Popp (deceased) 1934, John R. Jones

1935, Sylvester Tyler 1936 Earl Slagle 1937 Fred A. Hentsch 1938 Arthur Schiller (deceased) 1939 William Lockwood 1940 William Myrick 1941 Fred Steinhagen 1942 Glenn C. Peterson 1943 Glenn C. Peterson 1944 Glenn C. Peterson 1945 William Schult 1946 Don C. Neal 1947 George Phelps 1948 Norval Robinson 1949 Eino Saarela 1950, Glenn C. Peterson

As can be seen from the above list of names and stipulated years, Glenn C. Peterson, the present commander is now serving in such capacity for his fourth term. He has been a valuable man at the helm of the organization and still is. But there are other members also who have given continuously of their time and thought since the formation of the post and to whom much credit is given.

The present officers of the Post are: Glenn C. Peterson, commander; Robert Liess, senior vice commander; Ervin Hentsch, junior vice commander; Fred Steinhagen, quartermaster; Ralph Tilsy, chaplain; William Westman, adjutant; George Berger, officer of the day; Marshall Muller, service officer; Andrew Harr, guard; Marshall Muller, Post advocate; Joseph Doyle, sergeant major and quartermaster sergeant; Eino Saarela, publicity; William Schult, Norval Robinson and John Horras, trustees.

AUXILIARY
The Auxiliary to the William Martin Post 725 VFW was instituted June 11, 1933 in Frankfort where meetings likewise were held until the post transferred to Mokena in 1940. In Mokena the meetings were held in members homes and in church parlors, until 1940 when the post secured the Hatch hall which meetings were held there. After January 1, 1950 the Auxiliary as well as the Post have met in their new hall.

Mrs. Glenn C. Peterson explained the purpose of the Auxiliary by saying they assist their Post and endeavor to help all needy service men and their families. They serve at hospitals where servicemen are confined by bringing entertainment to them; bingo parties, treats, prizes, cards, refreshments, special Thanksgiving and Christmas dinners.

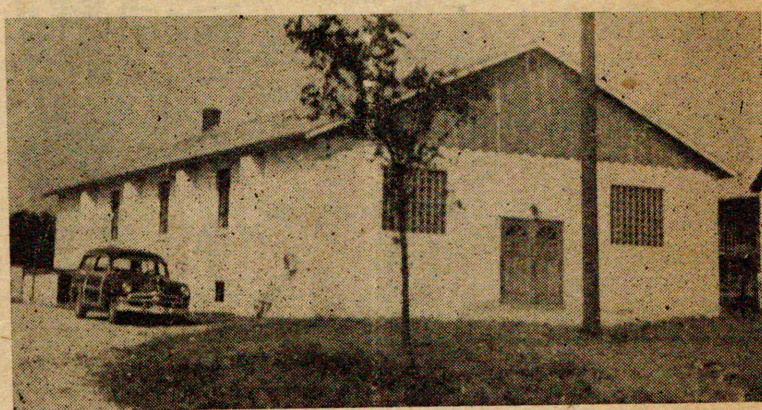

The Post has turned over to the Auxiliary the kitchen in the new hall which they are equipping and when completed will be modern in every way.

The presidents of the Auxiliary, and the years they served are: Helen Poppe, from June 11, 1933-November 1933. Rachel Slagle, year 1933-1935. Gertrude Valentine, 1935-36. Merle Hall, 1936-37. Cecelia Jones, 1937-39. Elsie Hinds, 1939-40. Louise Hentsch, 1940-41. Rose Steinhagen, 1941-43. Alma Peterson, 1943-45. Louise Homering, 1945-46. Maude Larson, 1946-47. Mattie Stankus, 1947-49. Grace Kopelman, 1949-50.

Present officers are: Mildred McMillan, president; Olive Williams, senior vice; Mary Clark, junior vice; Lillian Schmidt, chaplain; Bertha Zesemer, treasurer; Alma Peterson, secretary; Francis Robinson, guard; Maude Larson, conductress; Alice Homering, flag bearer; Elsie Genens, banner bearer; Mathilda Stankus, Amanda Schult, Lucille Long, Inez Werner, color bearers; Louise Hentsch, patriotic instructor; Anita Harr, historian; Josephine Benson, Louise Hentsch and Grace Kopelman, trustees.

Many of the older Auxiliary members have been planning for years for a new home for the organization and they are most happy it has been attained.

Under The Cross Of Malta

Wm. Martin Post 725, Mokena

Plans are complete for the Grand Opening next Sunday, Sept. 24. I think we will discover that our hall is not near big enough to accommodate the crowd that will be here.

A special meeting will be held Thursday, Sept. 28. Everyone should be present. Your delegates to the district meeting will have an interesting report to make. Also there will be some new recruits to be voted on. A card is being sent to all members to notify them of this meeting.

Oh yes, we are making plans for some dances in the near future. Details will be released after the next regular meeting on Sept. 28.

Because the post colors were in the VFW National Encampment parade, a plaque will be presented to be placed on the flag staff. The Fifth district was commended for the showing they made in the parade. Next summer at the State Encampment meeting, the 5th district will be given the distinction of leading the parade.

Those of you that know Past Dept. Commander Ries will be pleased to hear that he has been appointed Chief of Staff to the Commander in Chief. This is the first appointment in the National Office that has been given to an Illinois man for a long time.—Eino L. Saarela, publicity.

A PLANE COMES HOME—Lt. Leroy Mix of Oklahoma City, Okla., signals a plane returning from a mission over North Korea. Mix, landing signal officer, was photographed by a Department of Defense camera man aboard a "flat-top" in the Seventh Fleet. The luminous stripes on his overalls aid planes landing under the cover of darkness.

Protestants To Observe Religious Education Week

46,000,000 Protestants in United States and Canada are called on to observe Religious Education Week, September 24-October 1, with the theme "Religious Teaching, Vital to the Nation."

Dr. Roy G. Ross, general secretary of the International Council of Religious Education, which sponsors the observance, issued the call. The ICIRE represents 40 major Protestant denominations and more than 800 state and community councils of churches.

The need for greater efforts in religious teaching was cited by Dr. Ross in his call:

"At the mid-point of the century we have been reminded of the spiritual resources of our nations (United States and Canada). A century and a half ago, though small in numbers and poor in resources, we were rich in faith and spiritual idealism. Today we are as giants among the nations of the earth. It is not clear, however, that we have grown comparably in religious faith and in the things of the spirit."

Dr. Ross also announced the daily themes and suggested special events for the week:

Sunday, September 24, Rally Day "1780-1950: 170 Years of Sunday School Service."

Monday, September 25, Leaders Day, "Church Schools Create Leaders."

Tuesday, September 26, Family Day, "Church Schools and Families Work Together."

Wednesday, September 27, Local Church Day, "Church Schools, Heart of the Church's Life."

Thursday, September 28, Interdenominational Day, "Church Schools Make Better Communities."

Friday, September 29, Youth Day "Church Schools Train Youth."

Saturday, September 30, Enrollment Day, "Church Schools Win the Unreached."

Sunday, October 1, World Communion Sunday, "Church Schools Circle the Globe."

Further information may be secured from denominational offices, state or community councils of churches, or from the ICIRE, 206 South Michigan Avenue, Chicago 4, Ill.

Illinois Doctors Open Special Course For Advanced Study

More than 1,000 Illinois doctors engaged in general practice will undergo an intensive 40-week course in advanced specialized fields, starting September 27 at centers in Chicago and throughout the state.

This unprecedented series was announced by the Illinois Chapter of the American Academy of General Practice as a move to help non-specialized physicians keep abreast of the latest developments in significant phases of modern medicine and to better their millions of patients. The course will be open to

all physicians in Illinois and surrounding territory. Over 260 instructor-specialists from the University of Chicago, the University of Illinois, the Chicago Medical School, Northwestern University, and Loyola University, which comprise the 5 class-A medical schools in Chicago, will cooperate in the program. In the Chicago area lectures will be held at the University of Illinois, the University of Chicago and Northwestern University.

General practitioners, physicians trained and serving in all fields of medicine and surgery, far outnumber doctors who limit their practices to specialized subjects. On their efficiency and knowledge rests the well-being of the major portion of our population.

The Illinois lecture series, the first such project ever undertaken, is expected to be the forerunner of a national move in which experienced medical men will maintain their skills at highest levels, and at their own expense.

Registration officers in this area are: Dr. S. B. Abelson, 441 Fullerton Pkwy., Chicago and Dr. A. G. Bustin, Joliet.

World Evangelist

Lesson for September 24, 1950.

IT IS not only the ignorant and the prejudiced who claim that Protestant Christianity did not start till the 17th Century. Even Protestants can make this mistake. The real founder of Protestantism is Saint Paul. What the Reformers of the 17th Century did was to re-discover Paul. The doctrines of Protestantism are not some peculiar invention of Luther, not a vagary nor a quirk, still less a heresy; they are simply Christianity according to Saint Paul. If for no other reason, Paul is one of the most important figures in Christian history, perhaps in all history.

Dr. Foreman

The World is My Parish

THERE is another reason why Paul is important. It is not too much to say that if it had not been for him, there never would have been any Christianity, as a world-religion. It would have died as a Jewish sect.

What the history of the world would have been in that case, God only knows. But although our so-called Christian era is still not exactly Christian, it is vastly different from what it would have been if Christianity had been no more (say) than Essenism, a word you would have to look up in the encyclopedia, an antique and forgotten sect.

To many unnamed Christians, but to Paul more than any other one person, we owe the fact that ours is a religion with a world-outlook.

First Great Missionary

PAUL was not a typical Christian any more than George Washington was a typical American. To this day, missionaries can hardly be called typical Christians. They are far too few, and their quality is far too high, to stand for the "average" Christian—who in fact does not even understand missionaries, as a rule. Nevertheless, the missionary now as in Paul's time is the burning-point of Christianity, the front-line patrol, the cutting edge. . . . What made Paul a missionary makes missionaries today. One thing was his vital experience of Christ. Jesus, for Paul, was not somebody he had read about in a book, he was not a statue on an altar or a picture in a museum, he was not a definition in a catechism. Jesus was Someone he had met on the Damascus Road.

Second, Paul loved people, all kinds of people. (After his conversion, not before!) He could see in the most pitiful little moron of a slave-girl, the meanest jaller, a sister or brother for whom Christ died, as he put it. Nowadays you sometimes hear church people saying about others outside the church, "They're not our kind. They wouldn't make good Presbyterians (or Baptists or whatever the speaker's church may be)." It never occurred to Paul that anybody would not make a good Christian, if only Jesus Christ got hold of him.

Furthermore, Paul had a world-horizon. There are hole-and-corner Christians and there are world-Christians. Paul was a world-Christian. He "thought big." To this day, the wide-horizon, big-thinking Christians are either out there on the mission field, somewhere, or they are supporting missions with all their might.

Bibles Across the Sea

THERE is one thing which you, reader of these lines, can do right now, if you have some of this world-vision. This week, today, you can help in a great missionary enterprise which is not confined to any denomination.

Over in Japan, General MacArthur says, Christianity and the Bible are the dykes holding up the flood of Communism. Dr. Shiro Murata, a Japanese Christian, also says: "The eyes of Japan are fixed on two books. One is Das Kapital by Karl Marx. The other is the Holy Bible. Japan is at the crossroads."

A campaign is being conducted this year to send to Japan five million Bibles and Testaments. The Japanese can read; they have the largest non-Christian population in the world reading one language. Through your local church, or even by yourself, you can contribute to this great undertaking to bring the Bible to a people sorely needing it.

(Copyright by the International Council of Religious Education on behalf of 40 Protestant denominations. Released by WNU Features.)

By EVERETT MITCHELL
Farm Commentator, heard Monday through Saturday,
6:15-6:45 a.m. on WMAQ, Chicago, 670 on your dial.

Like the Eskimo who bought himself an electric refrigerator, some farmers are paying for financial protection they don't need, or rather, paying more for that protection than is necessary.

In the case of fire insurance, practically every policy ever written can be obtained at a reduced premium if there is something about the building that puts down the chance of fire or makes one easier to put out.

There is no set rule for all sections of the country, but most generally you'll find that the use of lightning rods, brick instead of frame construction, and composition instead of wood shingles, will be credited towards reducing the fire insurance premium. The availability of fire-fighting equipment and perhaps the location of a good supply of water on your farm, also may reduce the cost of your insurance.

A potential insurance loss for the farmer is the replacement of farm buildings. Remember, you can't replace a \$5,000 barn with \$2,500 worth of insurance. Few farmers need to be told the value of their buildings, but many forget to change their insurance policies as building replacement costs increase.

In early spring, the farmer takes out hail insurance, usually purchasing a policy only to cover the estimated value of his crops. He overlooks the fact that he'll still have to pay out-of-pocket all the usual expenses—taxes, seed, feed and living costs. This is the amount he should guarantee will come from his farm and should form the basis of the hail damage policy. With this kind of coverage, he can get by a year without income, without borrowing outside.

Talk over your insurance problems with your agent. He's in business to save you money.

WAYSIDE CHAPEL—

(Continued from front page)
ple can be seated comfortably and 72 if necessary.
On the north side of the chapel, one will find the chapel garden which is being patterned after the old world chapel gardens. Enclosed in a low stone wall will be the herb garden with its many types of useful herbs, and flower beds of perennial and annual flowers, contributed from many of our friends' gardens; beautiful flowers which lend peace and

enchantment to life and help create an atmosphere of love and worship. Many will walk its flagstone paths or sit on the stone benches to meditate and absorb the beauty of God's world around them.

The whole atmosphere of the Chapel is that of peace and worship. It will stand in living memory to the many friends who have shared in its completion. It will also mean a great deal to those whom it serves; to the groups who use it for worship services; to those who use it for weddings and baptisms—the memorable moments of their lives; to the Foundation family and friends as they use it for their chapel and special services; to those who come for meditation and prayer; or to those who come in an hour of need, seeking an answer to their problem; to all those—this Wayside Chapel will be dedicated.

All those interested are cordially invited to attend this dedication service.

THURSDAY, SEPTEMBER 21
"Watch, stand firm in the faith, play the man, be strong!" (1 Corinthians 16:13, Moffatt.) Read Acts 27: 15-25.

Samuela had already spent three years in a hospital. His cheerful face and radiant spirit drew people closer to him. Doctors and nurses admired his spirit, especially when they knew he could not be cured. The source from which Samuela drew his inspiration to face his situation was a Fijian New Testament. Through the study of his Testament, Samuela gave himself to his Master.

Four more years tested Samuela's faith in Christ. The grip of the disease that had laid hold upon him became stronger each year. It could not make Samuela give up his faith. The cheerful face and radiant spirit could not be extinguished. His friend wrote, "Samuela has

passed away. I saw him just a few weeks ago and he was still that bright soul, with a sure confidence in his Master and Saviour."

When we have firm faith in Christ, we can surmount our daily obstacles even though they may seem insurmountable from the human standpoint.

PRAYER

Help us, O Lord, to refuse to give up our faith in Thee when we encounter life's difficult problems. Make us realize that just as the darkness of the night gives way to a bright, sunny morning, we may refuse to give up the struggle until the joy of victory dawns in our heart. In Jesus' name, Amen.

Thought For the Day
Let us stand firm in the faith, even in the most critical hours of our lives.

**Top-Dressing Alfalfa
After First Cutting
Adds Life to Stand**

TOP-DRESSING alfalfa after the first cutting with phosphate and potash fertilizer will prolong the life of the alfalfa stand, promote heavier growth the rest of the season and help the legume do a better soil-building job, reports the Middle West Soil Improvement Committee. Less time will be needed for the plants to push out new growth. Roots will have a better chance to store up reserves of high energy starches and sugars.

Well fed legumes can make fuller use of soil moisture and of the carbon, oxygen and other nutrients taken from the air. The tap roots of alfalfa and sweet clover can probe deeper into the soil. The phosphate and potash they carry will be distributed from the surface on down to the moist soil zone below.

When these legumes are turned under they rot quickly to form

humus, because they are packed with nutrients needed by soil bacteria to break down organic matter. As this organic matter decomposes, it improves soil structure and releases plant nutrients to feed crops that follow.

Second crop alfalfa should be allowed to establish a strong new top growth before pasturing or cutting for hay. Agronomists recommend a no pasturing policy after early September. This will enable the alfalfa plants to pack their roots with plant food reserves to carry them safely through the winter and spur good growth the following spring.

**To Whom it
May Concern**

Contrary to reports circulated concerning me after I had left for California on doctor's orders for my health, I did not leave my wife penniless, nor did I desert her, as I had repeatedly begged her to go with me, which she refused.
Upon arriving back at my home last week after a year's absence, I have learned many things. First, that my wife had obtained a divorce last January unbeknown to me; secondly, that reports were circulated that I did not provide for her. This is false as I left her a \$500 check beside much cash at home, until she could decide to come to me. She cashed the check in a few days. In company with our daughter Mrs. Helen Lembke, she opened the safety deposit box and took all papers of value including all the bonds.

Shortly after my arrival in California I purchased a very nice home where we could establish ourselves. I also mailed, early in December, to her the keys to our safety deposit box in a registered letter, which she declined to accept as it was returned to me. I had previously mailed to her three letters which were not answered.

HEAVY BROME SEED YIELD

Louis Sass and sons, Loren and Daniel of Marley, harvested two small fields of brome grass recently. Sass reports obtaining an estimated 450 pounds from approximately one acre of brome grass.

On a six acre field that had been pasture this summer, an estimated 600 pounds of brome seed was combined from the field.

The home grown brome seed is used to seed the hay and pasture mixtures on the Sass farms.
